

Motor Mount for TT Gearbox DC Motors – L-Bracket Type

PRODUCT ID: 3768

You have a TT motor, but you need to attach it to your CNC project, eh? Not so easy if you don't have an L-Bracket DC Motor Mount just like this fine one here! Made of 2mm aluminum metal, it's got a solid construction and is easy to get going. There are 4 mounting screws so you know it'll be super-solid!

Comes with one mount and a bag of hardware for attachment:

- 2 x 25mm long M3 Pan heads (These go through the motor body)
- 4 x 10mm long M3 Pan heads (These attach to the thing you want to mount onto)
- 6 x M3 hex nuts
